CEO Comment

Perry A. Sook, Chairman, President and Chief Executive Officer of Nexstar Broadcasting Group, Inc. commented, "Nexstar generated record third quarter revenue, BCF, Adjusted EBITDA and free cash flow, all of which exceeded consensus expectations. Our results again reflect the strength of our existing operations, the successful integration of recently completed accretive station and digital media acquisitions, and exceptional distribution revenue growth.

"Nexstar's consistent industry out-performance is the direct result of our disciplined operating and cost management practices, revenue diversification initiatives and the success we are achieving in identifying, financing and integrating accretive acquisitions. With our long-term strategic focus on completing accretive transactions that expand our scale and free cash flow, Nexstar remained active and successful during the third quarter in building the platform for continued growth and the return of political advertising revenue in 2016. During the quarter we announced another accretive transaction whereby we will acquire four CBS-affiliated stations in North Dakota. Pro-forma for its completion by early 2016, and the continued strength of our operating results and recent share repurchases, Nexstar's 2015/2016 free cash flow projection increases to approximately \$467 million, or average pro-forma free cash flow of approximately \$7.62 per share per year. As reflected by our proposal to acquire Media General in an accretive manner, we fully intend to remain active on this front as our proven corporate, broadcast and digital media management teams have built an excellent record of delivering enhanced shareholder value on a near- and long-term basis.

"Third quarter organic and acquisition related revenue growth in all of our non-political revenue sources, including a 37.8% rise in core ad revenue, a 55.6% increase in digital media revenue and retransmission fee revenue that was 96.5% higher than the comparable year-ago period, more than offset an 85.9% year-over-year reduction in political revenue. Excluding political advertising revenue, third quarter revenue grew 55.3%. In addition, Nexstar's accretive M&A activity is accelerating our revenue diversification initiatives as reflected in total third quarter retransmission fee and digital media revenue growth, which rose 86.6% to \$100.2 million and accounted for 44.5% of net revenue. By comparison, total third quarter retransmission fee and digital media revenue comprised 28.3% of net revenue in the 2013 third quarter, the previous non-political period. We expect our long-term distribution revenue growth trend to continue. In late 2014 additional contract renewals representing about 40% of the Company's MVPD subscribers were completed while another approximately 45% of our subscribers are being renewed in 2015.

"Third quarter BCF, Adjusted EBITDA and free cash flow increases of 27.5%, 27.5% and 19.0%, respectively, highlight the value of our strategies to expand our scale while delivering organic core advertising, distribution and digital media revenue growth and exercising cost disciplines. The value-building accretive transactions completed over the last year added 27 stations as well as a digital media advertising and programmatic technology provider to our growth platform. On a pro forma basis, since 2011 Nexstar has acquired 62 television stations and four digital media businesses for approximately \$1.2 billion in accretive transactions and with their successful integration we are realizing the forecasted synergies and efficiencies disclosed at the time the transactions were announced.

“Our focus on building shareholder value through platform and free cash flow building initiatives is being complemented by a keen focus on managing costs and the capital structure. At the same time, our growing free cash flow affords us the financial flexibility to continue pursuing additional accretive transactions, while simultaneously reducing leverage and returning capital to shareholders through the quarterly cash dividend and share repurchases.

“As we prepare for what are expected to be record levels of political advertising in 2016, Nexstar is on pace to achieve its projected pro-forma free cash flow of approximately \$467 million during the 2015/2016 cycle which will mark the Company’s fourth and fifth consecutive years of record free cash flow. Notably, with over \$139 million in free cash flow generated year-to-date, we’ve already recorded over \$4.55 per share in free cash flow in 2015. With the full year benefit in 2016 of significant retrans renewals, the upcoming completion of the North Dakota transaction and our ability to capture large shares of political advertising in our markets, we believe we have excellent visibility to delivering on or exceeding our free cash flow targets.

“Importantly, our pro forma station platform reaches approximately 18% of all U.S. television households. As such, Nexstar has a considerable runway for further expansion through additional accretive station and digital media acquisitions. Nexstar is already growing rapidly as a result of our highly successful organic and M&A initiatives, and we remain active and engaged in pursuing other accretive transactions.”

The consolidated debt of Nexstar and its wholly owned subsidiaries, Mission Broadcasting, Inc. and Marshall Broadcasting Group, Inc. at September 30, 2015, was \$1,485.1 million including senior secured debt of \$693.4 million. The Company’s total net leverage ratio at September 30, 2015 was 4.26x compared to a total permitted leverage covenant of 6.75x. The Company’s first lien net leverage ratio at September 30, 2015 was 1.96x compared to the covenant maximum of 4.00x.

The table below summarizes the Company’s debt obligations:

(\$ in millions)	9/30/2015	12/31/2014 ⁽¹⁾
Revolving Credit Facilities	\$ 7.0	\$ 5.5
First Lien Term Loans	\$ 686.4	\$ 696.0
6.875% Senior Unsecured Notes	\$ 519.6	\$ 518.9
6.125% Senior Unsecured Notes	\$ 272.1	\$ -
Total Debt	\$ 1,485.1	\$ 1,220.4
Cash on Hand	\$ 23.4	\$ 131.9

(1) The Company early adopted a recent accounting standard related to the presentation of debt financing costs in its condensed consolidated balance sheets which requires cost to third parties that are directly attributable to issuing a debt instrument to be presented as a direct deduction from the carrying value of debt as opposed to an asset. As such the amounts previously reported as debt as of December 31, 2014 were decreased by a total of \$15.8 million.

Nexstar Proposal to Acquire Media General

On September 28, Nexstar announced a proposal to acquire Media General, Inc. (NYSE: MEG) for \$10.50 per share in cash and a fixed ratio of 0.0898 Nexstar shares per Media General share. The Nexstar proposal provides a significant premium to Media General's shareholders and is currently valued at \$15.34 per Media General share, representing a premium of 37.6% to Media General's closing stock price on September 25. On October 14, Media General announced that it will exchange information with Nexstar related to Nexstar's proposal to acquire Media General.

The Nexstar proposal would enable Nexstar and Media General shareholders to participate in the near- and long-term upside of a pure-play broadcasting company with expanded audience reach, a more diversified portfolio, and a significantly stronger financial profile, including substantial free cash flow per share, led by a proven broadcast and digital media management team. Nexstar believes its proposal is a superior offer to the Meredith-Media General transaction and that the market understands how strategically and financially compelling this combination is for the shareholders of both companies.

BofA Merrill Lynch is acting as financial advisor and Kirkland & Ellis LLP is acting as legal counsel to Nexstar in connection with the proposed transaction.

Share Repurchase Authorization and Activity

On August 10, Nexstar announced that it intended to act on the Board of Directors' authorization to repurchase up to \$100 million of its Class A common stock and to date, the Company has repurchased approximately one million shares at an average purchase price of approximately \$48.13 per share which was funded from cash flow from operations. Reflecting the shares repurchased to date, Nexstar has approximately 30.62 million shares of Class A common stock outstanding (the only class of shares outstanding).

Repurchases by the Company are subject to available liquidity, general market and economic conditions, alternate uses for the capital and other factors. Share repurchases may be made from time to time in open market transactions, block trades or in private transactions in accordance with applicable securities laws and regulations and other legal requirements, including compliance with the Company's finance agreements. The repurchase program may be suspended or discontinued at any time without prior notice and all shares purchased will be held in the Company's treasury for possible future use.

Third Quarter Conference Call

Nexstar will host a conference call at 10:00 a.m. ET today. Senior management will discuss the financial results and host a question and answer session. The dial in number for the audio conference call is 719/457-2645, conference ID 1411639 (domestic and international callers). In addition, a live audio webcast of the call will be accessible to the public on Nexstar's web site, www.nexstar.tv and a recording of the webcast will be archived on the site for 90 days following the live event.

Definitions and Disclosures Regarding non-GAAP Financial Information

Broadcast cash flow is calculated as income from operations, plus corporate expenses, depreciation, amortization of intangible assets and broadcast rights (excluding barter), (gain) loss on asset disposal and non-cash representation contract termination fee, minus broadcast rights payments.

Adjusted EBITDA is calculated as broadcast cash flow less corporate expenses.

Free cash flow is calculated as income from operations plus depreciation, amortization of intangible assets and broadcast rights (excluding barter), (gain) loss on asset disposal, non-cash compensation expense and non-cash representation contract termination fee, less payments for broadcast rights, cash interest expense, capital expenditures and net operating cash income taxes.

Broadcast cash flow, Adjusted EBITDA and free cash flow results are non-GAAP financial measures. Nexstar believes the presentation of these non-GAAP measures are useful to investors because they are used by lenders to measure the Company's ability to service debt; by industry analysts to determine the market value of stations and their operating performance; by management to identify the cash available to service debt, make strategic acquisitions and investments, maintain capital assets and fund ongoing operations and working capital needs; and, because they reflect the most up-to-date operating results of the stations inclusive of TBAs or LMAs. Management believes they also provide an additional basis from which investors can establish forecasts and valuations for the Company's business.

For a reconciliation of these non-GAAP financial measurements to the GAAP financial results cited in this news announcement, please see the supplemental tables at the end of this release.
